The [illegible] registration here is the Evening Post yesterday into are as follows. Total number I was to not polled [illegible] registration will be [illegible] the entire number of residents in County, which, when deducted from the gross number given, will leave the net number of voters. Last year the total registration was 297,000, and the vote cast was 290,000. This shows that about 7,000 voters have not registered. Whether they will do so or not remains to be seen, however, the registration is now closed, and the only way they can vote is to go to the polls and challenge the regular voters, who have registered. Under the law the challenged voter must accept the different precinct judges to register, and even then he must swear to qualify to register and vote under the law. Many voters should not be excited at this time to put their names down on the registry lists, although, if they don't do so, they will find that they will be challenged at the polls on election day, and will be compelled to go before the judges and swear to qualify to register and vote under the law. The following table shows the number of registered voters in each of the wards of the city, and the gain or loss in each ward since last year:

Four-fold Safety in Buying Clothing.

This is to rouse your curiosity in the Wanamaker methods and our reliable clothing.

Everybody is anxious to do the very best they can with their money. That's what they hunt around the stores for.

Can anybody do better for you, if he will, than the manufacturer?

That's the advantage we claim in selling our clothing, and our business principles make buying safe as sewing.

1. We sell the quality; if it's wool, or cotton, or both, and its service, without reservation.

2. We give a guarantee to bind our statement.

3. We have one price—the lowest to anybody.

4. We hand back the money if you change your mind.

That ought to drop the scales from your eyes, and let you see the firm ground we stand on in offering you our honest and durable clothing.

Buttons stay on and seams don't rip. You'll appreciate how well it's made and how cheap.

Astrachan " 2 " ... 5.98
Newmarkets " 4 " ... 10.00
Astrachan Newmarkets ... 10.00
New Zealand Wraps ... 10.00
Astrachan Wraps, 4 styles ... 12.00

All the above are real, genuine bargains and will not repeat themselves.

SPECIAL NOTICE.

We desire only the most liberal patronage of those persons, or to those corporations requiring quantities of goods and will offer special bargains on many other lines not named above.

Remember we will furnish estimates cheerfully and will offer special inducements, however, when other goods than those specified above are wanted in large quantities.

Those of Quiet Wants

Are most conveniently and satisfactorily served with a call direct to the head of this department. Those patronizing this kind of goods always find us ready to wait on them promptly. Our Cloakers will appreciate and endeavor to give them better values, as to quality and price, than ever before offered in advertising this kind of goods in the shape of bread goods.

Think a Moment! Who Pays for It

A single salesman in one department of our new big store (Feb. 1) has made more cost of advertising than the two leading papers combined—and could have done more business to an entire page of space than all the space we have used in both papers. Space enough to fill a page of goods that are selling this week.

Why, only last Sunday, and placed on Wabash street with your increased dollars to advertise "BARGAINS."

FIVE REASONS

Why we can CHEAPER than others:

I. We buy everything direct and for cash.
II. We pay no rent.
III. Our commission generally saved on those we do not offer specials.
IV. We do not sell on credit, and consequently have no "bad" accounts necessarily added to our customers' bills.
V. We do not allow ourselves to be controlled nor shelter with a view of commissions.

Our goods are marked in plain figures, and we will not be undersold. If goods are brought back we remove and refund the money.

Nobody Sup. Oct. 13.—[Special Correspondence.] From the West of Mr. Farwell's capital to Atlanta, to celebrate the Grant project, was to add to turn considerable to Logan. The General Logan is making rapid preparations, and a series of public meetings are to be held, at which addresses will be delivered by prominent citizens. The object of the meetings is to raise funds to defray the expenses of the Grant monument. It will be remembered that the Logan monument is now being built in Chicago, and that to add to the expenses of the monument to the late General Logan, it was decided to erect a statue of Grant. The money is coming in slowly, and it is feared that unless more interest is taken in the matter by the people the Grant monument will be a failure. The policy of the Atlanta committee is to make the Grant monument a "success" anyhow. The policy of the Atlanta committee is to make the Grant monument a "success" anyhow.
